SUMMARY

Backend Developer with 1 year of experience building web applications using PHP (Laravel), RESTful APIs, and relational databases. Solid full-stack foundation across HTML, CSS, JavaScript, React, Node.js, and manual testing, with a focus on clean, reliable code.

TECHNICAL SKILLS

Languages: PHP, Java, JavaScript, SQL, HTML, CSS

Frameworks: Laravel, Node.js, React.js

Databases: MySQL, PostgreSQL

Tools: Git/GitHub, VS Code, Postman, Eclipse, Jenkins

EXPERIENCE

Backend Developer — Cloud Revel Innovations

Aug 2025 – Present

- Developed and maintained backend features and RESTful APIs across 4 projects using PHP (Laravel), integrated with MySQL and PostgreSQL databases.
- Designed and managed database schemas, queries, and migrations to support application features across multiple modules.
- Implemented authentication, authorization, and CRUD modules using Laravel's MVC architecture.
- Collaborated with frontend developers to integrate APIs and ensure smooth end-to-end functionality.
- Performed manual testing on backend modules to catch issues early — contributing to modules recognized for minimum bug count in production.

PROJECTS

SmartQueue — smartqueue-vb0e.onrender.com/

- Built a full-stack queue management platform enabling customers to book virtual tokens and track live queue position.
- Built with React, Node.js/Express, and PostgreSQL; supports three role-based dashboards (customer, staff, admin).
- Eliminates physical wait lines for service businesses such as hospitals, banks, and clinics.

CodeBricks — code-bricks.vercel.app/

- Developed a full-stack UI snippet platform enabling developers to browse, preview, copy, and customize 500+ ready-made HTML/CSS/JS components across 20+ categories.
- Implemented with React, Vite, Tailwind CSS, and Laravel.
- Built a RESTful Laravel API following clean architecture — Controllers, Services, Repository pattern.

EDUCATION

Bachelor's Degree in Computer Application

Govindammal Aditanar College, Tiruchendur | CGPA: 7.75 | 2024

HSC

Sri Kanchi Sankara Bagavathi Vidyalaya Matric Hr. Sec. School | 73% | 2019

SSLC

Sri Kanchi Sankara Bagavathi Vidyalaya Matric Hr. Sec. School | 88% | 2021

CERTIFICATIONS

Java Full Stack Development — Certificate of Completion
